

tarum, vel Octavarum ratio auribus percipiatur. Videamus priora exempla à tactu octavo incipiendo.

Etenim si Nota illa intermedia, vel in Arhſi exiſtens, pro non adjecta habetur, Hypotheſes illas apertè ſic ſe habere perſpicuum eſt.

Idem Judicium ferendum eſt de Octavis.

Alia ratio habenda eſt faltûs majori ſpatio conſtantis. E. G. Quartæ, Quintæ, Sextæ : quo caſu diſtancia de prima Nota ad ſecundam quaſi oblivionem auribus afferre videtur ſoni Notæ primæ in Theſi, ad Notam ſecundam pari modo in Theſi exiſtentem. Videamus ſuperiùs exemplum de Octavis, quarum conſecutio ſaltu Quartæ intervenientis ſalvatur.
